**Attending the clinic**

You should contact the approved clinic to book an appointment and make it clear you need the test for a UK visa application.

You can expect to get an appointment within a few days of your request. At busy times you may have to wait 10 days for an appointment, especially during the UK student visa peak season between June and September.

If you would like an appointment with a female clinician, please ask the clinic when you schedule your appointment.

If you need to cancel your appointment you should contact the clinic as soon as possible.

## **Test fees**

The fee for TB screening and how to pay will be set by the clinic. You will pay the clinic directly for the cost of your TB test. The cost of the test is in addition to the visa application fee.

The test fee does not cover treatment if you have TB.
